Do you want to work for an outstanding provider of residential childcare, make a positive difference and enrich the lives of children?

Benefits for a therapeutic residential childcare worker include:

- Paid for and annually updated DBS check
- 28 days annual leave increasing to a maximum of 38
- Pension, maternity and paternity benefits
- Private Health Insurance
- Cycle to work scheme
- Clear career progression
- Opportunity to gain the Level 3 Diploma in Residential Childcare
- Specialist training provided including Dyadic Developmental Practice
- Fully funded mandatory and specialist training provided

Are you able to:

- Provide a warm, nurturing and therapeutic environment for young people who have significant early years trauma and attachment needs
- Act as an appropriate adult role model for children
- Ensure safeguarding children is at the centre of your practice
- Allow children the opportunity to grow, socially, emotionally and academically through providing positive life experiences, structure and consistency
- Demonstrate a positive attitude, empathy and resilience
- Work as part of a close knit team and on your own initiative
- Communicate positively in writing and verbally with children, families, carers, managers and other professionals
- Work a 24/7 rota, 365 days a year including sleep in shifts where required.
